School Newsletter Text

Dear Parent

As part of the Department of Education and early childhood Development’s Health and Safety Management Plan, new labelling will be installed at our school.

The Occupational Health and Safety Regulations 2007 (OHS Regulations) include specific duties in relation to identifying the presence of asbestos in workplaces and indicating its location.

Once identified, the presence and location of asbestos must be recorded in the asbestos register and clearly indicated. Labelling must be used to indicate the presence of fixed or installed asbestos containing materials.

The labels remind people to contact school reception prior to undertaking any works at the school, to ensure they have up-to-date information from the school’s asbestos register.

Asbestos - which was used extensively in building materials in the past but is now banned - is considered safe unless damaged or in poor condition.

The new labels form part of a comprehensive program to ensure Victorian government schools remain safe.

Children’s safety is our number one priority. That is why we are taking this extra step as a precaution.

Principal Report

Asbestos Audit:
Please read the covering letter to this newsletter from the Department of Education and Training, carefully. I wish to advise that on the 31st of August and 1st September, Viewbank College will be auditing for the areas of the College that contain asbestos. I am aware that the issue of asbestos is very emotive but I wish to allay fears. The audit that will take place is as part of the DET Health and Safety management plan, to fulfill compliance obligations with WorkSafe Victoria. The Department is significantly increasing the number of scheduled asbestos audits in Victorian schools. Specifically DET is determined to audit all schools to identify the presence of asbestos in workplaces and to indicate its location.

Once identified, the presence and location of asbestos must be recorded in the asbestos register and clearly indicated. Labelling must be used to indicate the presence of fixed or installed asbestos containing materials. Thus as part of the audit, labels will be placed at the entrances to buildings with known asbestos containing material and the front gate of the school. Primarily, these are to remind people to contact reception prior to undertaking any building works. These warning labels will help schools manage potential risks and
ensure that schools are compliant with requirements of the Occupational Health and Safety legislation.

Coffey Environment Australia Pty Ltd (Coffey), have been appointed by the Department to provide asbestos management services to Victorian government schools. They will conduct our audit. Please be aware that all schools (save for the very newest) have asbestos and of course, the OHS Committee of the College carefully monitors this aspect of the College environment.

Last week, I attended a Principals’ Briefing on ‘Risk Management and Safety’ as a refresher and it is evident, that the current focus is very much on prevention of risks and hazards as well as optimising care and safety of students and staff. Our students and staff enjoy a safe environment which is vigilantly maintained.

**Pisa Testing:**
On Tuesday, 4th August, twenty-three students who have been selected by ACER on the grounds of a birthdate, will undertake a computer based assessment, answering questions in: Science, Maths, Reading and Problem-solving as well as their questions about their experiences at home and school. They will also answer questions about financial literacy. They are not required to prepare for the assessment as this is part of a worldwide assessment regime to give data for International Educational comparisons and to provide valuable information for policy and review in Australia and overseas. For Australia this data provides extremely important information in helping shape future education policy directions. Our students will get a copy of student profiles, along with a certificate of participation and two small gifts. They need to be at G2 at 8.55am for a 9.00am start. We wish our twenty-three candidates an interesting day.

**LOTE Theatre:**
Last week’s LOTE Theatre was a sell-out which was a first. The night was a huge success with the Senior LOTE students treating the audience to a smorgasbord of fun. The night opened with a performance by Ben Ingvarson–Favretto, Jordi Hankinson and Jake Lonergan doing the ‘Der Guten Tag Hop Clop’ from the College Production to whet people’s appetite for this year’s highly naughty show. After their very amusing antics, two short multimedia presentations captured our students on exchange to Germany and Japan. LOTE Captain, Max Drezga-Kleiminger, asserted himself as master compere of the evening. As promised the night proved hilariously funny and the friendly competitiveness between the German and Japanese students was very evident; in the best possible way. I particularly wish to congratulate all the Year 12 LOTE students who were very inventive and rib-ticklingly funny. After six years of LOTE their linguistic skills were very much on display; not to mention their dancing and comedic skills acquired along the way. For all the senior students, an evening like this allows them to really use their linguistic knowledge in comedy and this is a very demanding aspect to learning. Translating pop culture and ads into another language and striving to ensure that it is funny is very demanding but the joy on all their faces attest to the fun of their learning. Good learning takes place when students are required to apply their knowledge. Well done to each and every one of the students who participated and to especially to Max, who led the evening with unruuffled, witty commentary. I would like to say a big thank you to the LOTE teachers for their organization of the evening and their inspiration. The group who worked quietly behind the scenes to support the evening’s success and who need a big accolade are Friends of Viewbank. They did a mighty job of preparing lots of delicious ‘kuchen’, sushi and rice crackers as well as refreshments. A very big thank you Friends of Viewbank and Acting Assistant Principal, Emma Ford.

BIG SCIENCE COMPETITION – RESULTS

The Big Science Competition was held at Viewbank in May and the results arrived this week. The competition tests students' critical thinking and problem-solving skills as well as their science knowledge. We had 77 students take part, and 10 students achieved a prestigious HIGH DISTINCTION result. To achieve a HIGH DISTINCTION, students have to be in the top 5% of students across Australia. What a great result.

Well done to the following students!!

Year 7: Edward Kok, William Smith
Year 8: Bridget Chan, Grace Minchinton, Jimi Lawrence-Duffy, Nikita Zaystev
Year 9: Alastair Toms, Jarrod Tyzack, Ki Lafferty, Matthew Jones

All students who took part in the competition will receive their results certificates during STEM week.

Year 9 Victoria Schools Cup - Volleyball

After losing only one game in the round robin fixtures, Viewbank were unlucky to finish third and went into a play off between second and third to make the gold medal game. This was also against Eltham who we had lost against in the round robin. After losing the first set it wasn’t looking good but the Viewbank boys dug deep and started to dominate in the second. They then took this momentum into the third and deciding set and made the grand final. The final was against St Bernards who we had beaten in qualifiers in a tight game. Again we lost the first set and scraped back and won the second but nothing went our way in the third and the boys had to be content with a silver medal in our first ever attempt at the Vic Schools Cup.

The boys showed great commitment throughout the year, training, fundraising and preparing for this event and they should be very proud of their efforts. Many thanks also to Natasha Wilmann, who coached the team leading up to this tournament (and over the 3 days) as a parent volunteer who did an amazing job getting the boys to an amazing standard! Thank you also to the College, Judith Craze and all the parents for your ongoing support.

Carlton Player Visit

On Monday, the Year 7 and 8 boys football teams were fortunate enough to have 3 Carlton AFL players run a training session for them prior to their Zone final games on Tuesday and Thursday. The players were Zach Tuohy, Sam Dockerty and Ciaron Byrne. The boys had a great session and had some question and answer time at the end. Both the teams then went on to win their round robins during the week and will play in the Northern Zone finals.
Debating News

Being the last round before the Interschool Debating Finals, it was an intense week for many competing, no matter the prospect of being in the finals. The D Grade debaters argued that students should learn about a variety of religions in school, an issue that is often disputed with varying opinions either way. The team of Savini Ediriweera, Halima Weli and Carla Moran won the debate by a single point, this one point margin being something that would repeat throughout other debates on the night. C Grade argued that trial by jury should be abolished from legal systems around the world, something which would have been a difficult task for Demetrius Kiriakidis, Lakshmi Ganapathy and Joshua Munro. Viewbank C Grade won the debate like the D graders, by a single point. Congratulations in order to Lakshmi for winning the title of best speaker for the debate.

Moving on to the B grade who were given the secret topic of commercial advertising's tendency to do more harm than good, the Viewbank team disagreeing with the statement. The negative team of Isobel Beasley, Amra Polutak and Lachlan McDowell were put in a difficult position, losing by a single point. The A Grade teams were also given a secret topic which from personal experience I can say was definitely one of the more obscure points of discussion I have been given. The A Grade teams were asked whether we should focus on adapting to the consequences of climate change rather than its prevention, A1 agreeing with the statement whilst A2 disagreeing. A2 argued to focus on the prevention of climate change and although Louis Harwood, Lani Sellers and School Captain Andrew Vassett lost the debate by a measly one point (I see a pattern here), the best speaker went to Lani and from firsthand accounts I heard it was definitely a great case put forward by the Viewbank team. The affirmative A1 team consisting of Toby Hope, Joshua Sim and myself had a difficult time arguing for the arguing the topic but we won in the end, best speaker going to myself. More impressively was the last minute fill in played by Joshua Sim, a B Grade debater filling the shoes of an A Grade first speaker's role. The adjudicator wouldn't have known any different however, with Josh performing as if it was any other debate and for that I thank him. Keep an eye and an ear out for news in relation to the debating finals as well the upcoming signups for Junior Debating and the Great Debate, it's sure to be a good one.

School camps provide children with inspiring experiences in the great outdoors, excursions encourage a deeper understanding of how the world works and sports teach teamwork, discipline and leadership. All are part of a healthy curriculum.

CSEF will be provided by the Victorian Government to assist eligible families to cover the costs of school trips, camps and sporting activities.
