**Principal’s Report**

**Congratulations to the Class of 2013**

On behalf of the College, I wish to extend congratulations to all our VCE students who worked hard to produce their best possible results. The College is proud to report that the completion rate was 99% for 2013.

**Dux of Viewbank College**

Hearty congratulations to Yolanda (Tong Tong) Luo who achieved an ATAR score of 99.5. Yolanda has also completed University level Maths which will add to further her ATAR score. She achieved the following results: Chemistry 43, English 45, LOTE (Japanese) 41, Special Maths 40, Maths Methods (2012) 43.

Currently, Yolanda is in China so other than Melbourne University, we are still awaiting to learn what course she wishes to pursue.

**Second Top Student**

Third Top Student:
Emily Muir achieved 98.0 and will undertake Arts/Law, at Melbourne University. Emily achieved the following results: Biology 39, English 46, History 45, Legal Studies 43, Maths. Further 40 and Psychology (2012) 44. These are outstanding achievements for three very dedicated students. The College is very proud of them and wish them well for their future studies.

Overall the ATAR results are pleasing with 11.4% or 19 students achieving 90 upwards. The analysis of student achievement is in the table below. Many students benefitted from the scaling process.

Significantly, many students achieved ATAR scores between 35 and 39 thus the College percentage for scores over 40+ for students is 6.3% (compared with 6% in 2012). The College over the past 4 years had reduced the number of students below 40. However, for 2013 the cohort below 40 did increase, reflecting the many students who were keen to get a VCE certificate but were not aspirational in terms of an ATAR score and tertiary study. These students are looking to the Defence Force or apprenticeships as a Vocational pathway. However, those students who were focussed on a tertiary pathway are competitive and have received the results that will enable them to take up first preference selections.

In summary, the College has supported all students to achieve the outcomes they desired. It needs to be reflected that this cohort’s goals were varied and they did not display the tertiary aspirations of other cohorts.

I wish all our students and families a very happy and safe festive season and I want our students rested, ready to return for a year of purposeful and focussed learning.

Social Justice News

SOCIAL JUSTICE 2013

Social Justice has had a very successful year. In 2013 we raised a total of $2,300, almost doubling the total raised last year. Via many fundraising events, such as chocolate drives, icy-pole sales and cake stalls, we were about to collect said amount, which will be forwarded to our elected charities for this year. As a group, we voted to donate to UNICEF, specifically attending to children whose families have been stricken by war; and Sunrise Children’s Villages, which help to shelter, feed, and educate children in underprivileged or disadvantaged countries. We have split the funds and we know that the charitable organisations selected will help many families immeasurably. Thank you to all who donated their time and money to the Social Justice Group this year, and especially to all members of the group who committed themselves selflessly to the raising of our amazing $2,300! A distinctive mention to Louisa Harwood and Craig Whittingham for all their assistance in the order and methods of the group, we couldn’t have done it without you! Also, we cannot dismiss the support offered by the school. To Mrs Craze, Mrs Gaffney, Mr Munro and all the other important teachers: thank you for allowing us to roam around at a number of school events as we strove to raise as much money as possible!

From Andrew Vassett and Marie Trevithick, Social Justice Captains 2013.
